Outhouse Project Celebrates Successful Completion... August 4 marks the move to the Stevenson House

The Eagle has landed! Don and Bob carefully set it in place

Privy Chairman Don Harbers assembled the crack crew of Ted Alig (and his tractor), Tony Krumholz, brother Bob (celebrating his 80th birthday), board members Grant and Jack for the move from the Dan Tullis farm (courtesy of Bob and Linda Murphy). ↗

→ Miraculously, the structure held together as Ted carefully pulled it off the original foundation and loaded it onto the trailer provided by the McClaren's.

◆ After a slow trip to town that drew many bemused stares, the structure was secured on a new slab on the west side of the home.

◆ Don and the Privy crew are continuing to rehab the new addition with new paint, flooring, etc.

◆ Visitors are invited to stop by and take a look, but cautioned not to test it out.

MAHP GARAGE SALE. As we go to press, Barb (and Kirk) Perry are conducting a GARAGE SALE on September 27-29, with all proceeds going to the MAHP. Looks like Barbie has lined up a lot of valuable treasures and expects to do well! We'll report next issue on how it went. Thanks, Barbie!!!

Renovations Continue

The front door window panels were replaced in August. This much needed renovation should take care of the inside icing problem – and subsequent melting – during the winter.

A bronze tablet denoting that the Stevenson House is on the National Register of Historic Place was also installed in August.

Huge thanks is extended to Sue Baker, Dutch Landscape, Hofstatter Materials, Getz Landscape, and Luthy Botanical Gardens for their much-appreciated support in the recent landscaping work. Very nice, indeed!
