NORTHEAST CORNER OF TH SQUARE

Note the old iron pipe hitching rail around the Square. It was removed in 1923.

Brick streets were installed in 1915.

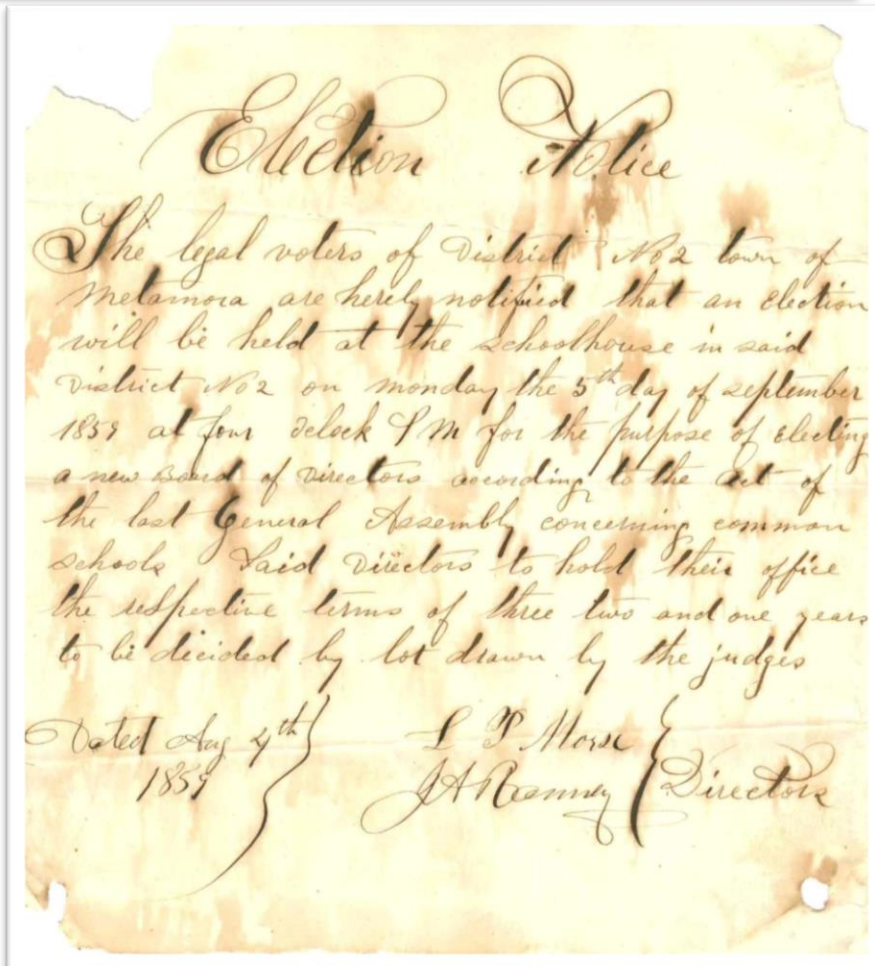

School Board Election 1859

With the election season upon us, thought you might enjoy seeing what a school board election in 1859 was handled.

Note that the Directors were Mr. Morse and Mr. Ranney. Both of these pioneers were involved both in early education efforts as well as Underground Railroad activities.

Does anyone have any information where 'District 2' and "the schoolhouse" were?

The Spanish Flu

From the October 11, 1918 Metamora Herald

From Wikipedia:

The **Spanish flu** (also known as the **1918 flu pandemic**^[2]) was an unusually deadly influenza pandemic. Lasting from January 1918 to December 1920, it infected 500 million people—about a quarter of the world's population at the time.^[1] The death toll is estimated to have been anywhere from 17 million^[3] to 50 million, and possibly as high as 100 million, making it one of the deadliest pandemics in human history.^{[4][5]}

To maintain morale, World War I censors minimized early reports of illness and mortality in Germany, the United Kingdom, France, and the United States.^[6]^[failed verification] Newspapers were free to report the epidemic's effects in neutral Spain, such as the grave illness of King Alfonso XIII, and these stories created a false impression of Spain as especially hard hit.^[7] This gave rise to the pandemic's nickname, "Spanish flu".^{[8][9]} Historical and epidemiological data are inadequate to identify with certainty the pandemic's geographic origin, with varying views as to the origin.^[1]

Wikipedia

WOODFORD COUNTY IN GRIP OF EPIDEMIC OF INFLUENZA

Schools, Churches, Showhouses and all Public Meetings and Social Gatherings Ordered Discontinued by State Board of Health and Local Authorities Until Epidemic Abates

FIVE CITIZENS DIE IN COUNTY AND 3 IN CAMPS

THE WEEK'S TOLL
Geo. U. Ailig, Metamora
Roy Brubaker, Eureka,
Edward Martin, Roanoke
Wm. Bents, Secor
Louis Zoss, U. S. Navy,
Geo. Helton, Camp Grant
Geo. Moser, Camp Grant
W. H. Roseborough, Eureka

Two hundred and fifty cases of so-called Spanish influenza were reported yesterday in the Metamora territory by Dr. J. I. Knoblauch, and with new cases developing every day the situation is alarming, to say the least. The same state of affairs exists in other parts of the county, with no abatement in sight.

Five deaths have occurred within Woodford county during the week and three deaths of Woodford county boys have occurred in army and navy camps.

Schools and Churches Close
The Metamora board of health took prompt steps to prevent spread of the disease last Thursday night when schools and the picture house were ordered closed. Later the order was placed upon the churches. No church services will be held in Metamora next Sunday, nor until the order is removed, and the board of health is advising, though its jurisdiction does not extend outside the village that all church services and gatherings of all kinds be suspended until the epidemic has passed. All country schools around Metamora closed Monday.

Dr. Knoblauch Overworked
Dr. Knoblauch, Metamora's sole physician, since Dr. Barth has been invalidated, is taking care of a vast territory alone and has been working day and night for nearly two weeks, and if he were not blessed with an iron constitution he would have been exhausted days ago.

State Man Hare Wednesday
A representative of the state board of health was in Metamora Wednesday, conferring upon the situation in this vicinity. He pointed out that all cases of influenza must be reported to the local board of health, either by telephone or in writing. The report shall state the name, address, age and occupation of the patient, the date of onset of disease, school attended, if any, and the precautions taken to prevent spread of infection. The name and address of the person making the report must also be given. The patient must be kept in a large, well-ventilated room, remote from other occupants of the premises if practicable. Only necessary nurses or medical attendants will be permitted to enter the patient's room, and the nurse or attendant should wear a gauze mask over the nose and mouth. These regulations shall be observed until three days after the fever leaves the patient. Public funerals are permissible but the body must be embalmed and kept in a tight casket. If the remains are to be viewed a glass covered top must be used. All persons violating the rules are subject to a fine of \$200 for each offense or imprisonment in the county jail for six months, or both.

INFLUENZA ORDER
In order to limit the spread of Epidemic Influenza and protect the public against its ravages the following order is promulgated:
Public and parochial schools, entertainments, moving picture shows, churches, dance halls, lodge meetings, and all other places of public meetings in the Village will be closed until further notice is given.
Board of Health, Metamora, Ill.

Cazenovia Mourns Sailor Boy
Louis Zoss, son of Mrs. Zoss of Cazenovia, who was in the naval service, aboard the U. S. S. Alabama, died in the Brooklyn naval hospital Monday morning, of pneumonia, resulting from influenza. The body has been shipped to Cazenovia and was expected to arrive this morning, when funeral services will be held.

Edward Martin Dies
Edward, son of Mr. and Mrs. Charles Martin, died Tuesday at the home of Mr. and Mrs. Benjamin Martin near Roanoke, where he was working, following an illness of influenza and pneumonia.

Minonk Boy Dies at Grant
George Helton of Minonk who had been at Camp Grant but ten days, died there of Spanish influenza. The body was brought to Minonk for burial Tuesday. Deceased leaves a wife and three children.

Roanoke Army Boy Dies
George W. Moser, son of John Moser of near Roanoke, who was inducted into army service in the September call, died at Camp Grant Sunday night of pneumonia resulting from influenza.

Eureka Undertaker Dies
W. H. Roseborough, member of the furniture and undertaking firm of Wright & Roseborough of Eureka, passed away Thursday morning of pneumonia, resulting from influenza. The deceased's wife is very sick with the same disease.

Secor Young Man Dies
William Bents, aged 20, oldest son of Mr. and Mrs. Henry Bents of Secor, died Monday in the Eureka hospital. He was born at Secor and lived there his entire life. Besides his parents, he is survived by four brothers and four sisters.

Lowpoint Physician Down
Dr. Burdon, the Lowpoint physician who has been in a serious condition during the week suffering from pneumonia, is improving, it was stated yesterday. Mrs. Burdon is also sick, with influenza.

P. K. TERRY DIES IN PEORIA
Old Resident of Spring Bay and Metamora Succumbs

The body of Peter K. Terry, former resident of Spring Bay and Metamora, will be taken from Peoria to Spring Bay today, where at 10 o'clock this morning burial will

PVT. ALVIN F. SCHUPP
